

Landfill Sites Accepting Non-hazardous Municipal Wastes in 2008

Landfill Capacity

Landfill Inputs

Since early 2009 a new landfill facility has opened in Gwynedd. It is anticipated that three other sites; one in Flintshire, two in Swansea will be opening in the next few years.

Notes:

- This map shows only landfill sites in Wales which accept non-hazardous municipal waste in 2008.
- The landfill site in North West Wales shown in a red circle closed on 31st December 2008.
- Remaining capacity in years is an estimation based on current input rates.
